

UNITED STATES WATER FITNESS ASSOCIATION

2009 SPECIAL SPECIFIC AQUATIC PROGRAM RECOGNITIONS

Below you will find the individual rankings for various parts of aquatic programs. After a very careful and extensive review of each of the contest entries and reviewing support information from each of the facilities, we are happy to announce the facilities that have been ranked for this very special recognition.

If your facility is not listed in a specific program area, we encourage you to review your effort to develop that specific area. If you are listed in a specific area, we encourage you to think about what you can do to develop that specific program so it will be stronger, and rank higher in the 2010 rankings.

There were more facilities that listed specific information regarding each specialization, but our point system and ranking procedures only listed the very top facilities in each of the specific program areas.

1. Swimming Instruction

1. Northside Natatorium
2. Hubbard Swim School
3. Northside Aquatic Ctr
4. Hillborough Pool
5. Rosenbloom JCC
