

Volume Discount Prices On 3 Year National Water Fitness Instructors Certifications

General Information

1. For more than 30 years, we have been providing a variety of National Certification Courses for Water Fitness Instructors.
2. This very special offer is for our 3 year National Certification Course for Water Fitness Instructors. The course does not require CEU's and may be renewed after 3 years for another 3 years.
3. This special offer is being made to aquatic facilities or trainers who desire to purchase 4 or more of the 25th Edition of our instructors manual that is referred to as a national reference manual for water fitness instructors. The manual includes the course materials including the Open Book Test and 4 papers that are used to complete "The Pool Experience".

When the student has completed the Open Book Test and 4 pages used for The Pool Experience, they are returned to USWFA National Headquarters for review and grading. If these materials have been successfully completed, the National Certification Certificate and card are mailed directly to the student within 48 hours.

4. Each manual and course completion packet may only be used by one individual. The USWFA control is the manual number (it can only be used once).
